## NEW MEXICO CRIPPLE CREEK.

Coming Boom in Cochiti Gold District Exciting Much Interest in Boston—Santa Fe's Golden Opportunity.

The Boston Financial and Trades Journal of last Saturday speaks of the Cochiti gold district, about 40 miles southwest of Santa Fe, and naturally tributary to this city, in the following language:

“At Mr. Coram's office, much satisfaction is felt at the dispatches from Denver regarding the Cochiti gold mining property. A contract for the building of a cyanide mill capable of treating 100 tons of ore per day has been awarded with the stipulation that it be completed by April 1. The contract also calls for the building of other necessary buildings. The wagon road from the mines, about three miles, has been completed and water rights and pipe lines have been surveyed and secured. Two hundred and fifty acres of mineral land have also been secured by mineral location. The shaft is now down 100 feet from the tunnel level and work is in progress on an upraise from the second to the first level and from the face of the tunnel. Mr. Coram estimates that the work now going on will increase the ore reserves at the rate of 10,000 tons per month. The openings are all in good ore. Boston is watching with unusual interest this gold mine, more particularly because of Mr. Coram's wide experience as a mining man and because of his connection with the Bigelow copper properties. If the Cochiti turns out to be the mine that Mr. Coram says it will, State street will experience a new wave of enthusiasm for gold mining enterprises.”

As announced in the NEW MEXICAN last evening, Mr. J. A. Coram, the gentleman referred to above, is now in Bland in company with Messrs. O. P. Posey and William Hayley.

Mr. Coram is one of the strongest and most influential men in the business and financial circles of Boston, not only having large personal possessions, but enjoying the confidence of capitalists to such a degree that his enterprise he indorses commands all needed money, and the business men and property owners of Santa Fe will make a very serious and stupid blunder if they fail to take prompt measures to share in the substantial benefits certain soon to flow from the great work of Mr. Coram and his associates in the Cochiti district.

In expressing his unbounded confidence in the great and enduring value of the immense gold bearing ledges of the Cochiti district to the extent of hundreds of columns, as the files of this paper, since the district first began to be talked about five years ago, plentifully testify, the NEW MEXICAN has more than once earnestly urged the business men of Santa Fe to cultivate the most friendly relations with the people of the coming Cripple Creek of New Mexico and thus lay a firm foundation for the future trade thereof. The discovery of carbonates at Leadville was the beginning of Denver's remarkable boom; and besides immeasurably benefiting both Denver and Pueblo, Cripple Creek has already given Colorado Springs an impulse that has more than doubled its business and population, and there is no reason why the Cochiti should not do the same for Santa Fe.

Inasmuch as it is now morally certain that several thousand people from the outside will go into the Cochiti mining district during the ensuing six months, it occurs to the NEW MEXICAN that immediate steps should be taken by the people of Santa Fe to establish a first-class direct daily stage line from this city to Bland, and then advertise the fact as widely as possible. Wisdom demands that this suggestion be acted upon without a day's delay. Business men and property owners of Santa Fe, for heaven's sake, wake up! Do not slumber while your vigilant rivals seize and appropriate this golden opportunity.

## MINOR CITY TOPICS.

U. S. weather bureau forecast for New Mexico: Fair tonight and Thursday; warmer Thursday afternoon.

Judge Laughlin still has under advisement the question of granting a new trial in the damage suit of Josephine Deserant, administratrix, vs. the Cerrillos Coal Railroad company, recently decided against the plaintiff.

There will be an important meeting of Troop E. First battalion cavalry, this evening at 8 o'clock. The proposition for the transfer of the cavalry to artillery will be submitted. All members are requested to be present.

Trains on the Santa Fe road are all reported late for tonight. The branch train will leave at 5:30 to connect with the south and west bound trains, instead of 3:30, which will bring the mail from the east in at 8 o'clock or a little after.

Axtell and Paradise lodges, I. O. O. F., will hold a joint special meeting in Old Fellows hall tonight, the occasion being a visit from Grand Master Givens, of Las Vegas, and Grand Secretary Lynch, of Albuquerque. The presence of every member of the order in the city is desired, and visiting brothers will be accorded a hearty welcome.

In re assignment of Alex. Gurdorf, of Taos, to Aloys Scheuchrich, Judge Laughlin recently made a rule on Mr. Gurdorf to turn over to the assignee certain notes and collections alleged to have been withheld with a view to preferring certain creditors. Part of the notes and money have since been turned over and further testimony is being taken as to the balance.

Captain Marion Balue, manager of the Cerrillos smelter, is in the city on business connected with the Mary Mining & Smelting company, and registers at the Claire.

Mr. and Mrs. John Purcell, of Pueblo, Colo., are registered at the Exchange. They are here for the purpose of making their home, if a suitable residence can be found.

Mr. Ed Ledwedge, of Denver, traveling auditor of the Denver & Rio Grande Express company, looked after business matters in Santa Fe this morning, registering at the Palace hotel. He left for the north this morning.

Governor and Mrs. Otero left this afternoon for Albuquerque, where they will remain until Saturday next, going thence to Las Vegas, where they will spend next Sunday. The governor expects to return to the capital Monday next.

Hon. Francisco Miera, of Mora, arrived in Santa Fe last night and registered at the Exchange. He came in to answer to a United States grand jury summons, and went before that body this morning, presumably to tell what he knew about the Thirty-second legislature, of which body he was a member. He will return home tonight.

## EUSTAQUIO PADILLA MURDER TRIAL.

Defense Briefly Outlined by Attorney Larrazolo—Confession of Martinez Attacked—Alibi Claimed As to Juan Pablo Dominguez.

In the matter of the pending trial of the Territory vs. Eustaquio Padilla, charged with the murder of Faustín Ortiz on the night of March 1, 1890, Attorney Larrazolo opened the case for the defendant in an address to the jury yesterday afternoon the substance of which was:

That the late Juan Pablo Dominguez, named in the confession of Jose Amado Martinez as an associate of the defendant in the murder of Faustín Ortiz, during the entire night of March 1, 1890; that the late Juan Ortiz y Rodriguez, another one of the three persons accused of the murder in the confession of Martinez, had been tried and acquitted of the crime; and that the defendant, Padilla, had always been a quiet, peaceable, inoffensive and rather secretive citizen.

So far the only witnesses examined for the defense have been Meliton Castillo, Juan Garcia and Meliton Ortega, all of whom have supported the theory of alibi as to Juan Pablo Dominguez, namely: that he was at the house of Meliton Castillo during the night that Martinez says he (Dominguez) participated in the killing and burial of Faustín Ortiz.

To Cure a Cold in One Day

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. 25 cents. The genuine has L. B. Q. on each tablet.

## RECENT STORM WAS GENERAL.

Much Snow and Severe Cold Throughout Rocky Mountain Region—Unusually Cold in Santa Fe.

The snow storm of Monday and Tuesday, accompanied by unusually low temperature and high wind, seems to have been general throughout the Rocky mountain region, amounting to a blizzard in Idaho and Montana on Monday and in northern and eastern Colorado on Tuesday. It was colder in Santa Fe yesterday morning, 4 degrees below zero, than it has been since February, 1895, when the government record shows that mercury went as low as 11 degrees below zero. So far this has been the coldest January in Santa Fe since 1886. On one day in January, 1895, mercury here went as low as 4 degrees below zero. In this connection it may be noted that it was 18 degrees below zero at Esplanada yesterday and that it was much colder yesterday throughout northern and northeastern New Mexico and in Colorado than in this city.

A dispatch from Prescott, A. T., states that John Denair, division superintendent, who was so badly hurt in the second cave-in of the Johnson canon tunnel, is still rational but nothing is said about the probability of his recovery, which continues to be doubtful. Two heavy timbers fell across his breast and the injuries inflicted are naturally of a very serious nature.

## PERSONAL MENTION.

Mr. W. M. Clayton, of Albuquerque, registers at the Claire.

Frank S. Davis has returned from a visit to Prescott, A. T.

Mrs. Mary Keays, of Mancos, Colo., is a sightseer registered at the Claire.

United States Attorney Childers is up from Albuquerque, and stops at the Claire.

Matias Sandoval, a citizen of Lamy, is in the city visiting friends. He stops at the Bon-Ton.

Mr. Thomas F. Jones is in the city from Madrid on business. He is registered at the Bon-Ton.

Mr. R. W. Brooks, of Denver, is attending to business in the city today, stopping at the Palace hotel.

Mr. Edwin Walters, geologist and mining expert, is in the city from the Chama placers, and registers at the Exchange.

Geo. L. Brooks, live stock agent of the Santa Fe railway, is attending the National Stock Growers' convention in Denver.

Hon. H. C. Sluss, associate justice of the court of private land claims, arrived yesterday from Wichita, Kas., and is registered at the Palace.

Messrs Peter Lund and John Roper, of Alamosa, of the D. & R. G. engineering force, spend last night in Santa Fe, registering at the Palace hotel.

Mrs. Henry Grant, of Abiquiu, came to Santa Fe last night on a hurried shopping trip, and returned home this morning. She stopped at the Exchange.

Ex-Governor Prince returned last night from a visit to Omaha, where he had been to arrange for New Mexico's display at the Transmississippi exposition.

Captain Marion Balue, manager of the Cerrillos smelter, is in the city on business connected with the Mary Mining & Smelting company, and registers at the Claire.

Mr. and Mrs. John Purcell, of Pueblo, Colo., are registered at the Exchange. They are here for the purpose of making their home, if a suitable residence can be found.

Mr. Ed Ledwedge, of Denver, traveling auditor of the Denver & Rio Grande Express company, looked after business matters in Santa Fe this morning, registering at the Palace hotel. He left for the north this morning.

Governor and Mrs. Otero left this afternoon for Albuquerque, where they will remain until Saturday next, going thence to Las Vegas, where they will spend next Sunday. The governor expects to return to the capital Monday next.

## UNITED STATES LAND COURT.

Argument of Motion to Set Aside Decree of Confirmation in Arroyo Hondo Grant Case in Progress.

The United States court of private land claims convened in the federal court room at 10 o'clock this morning with Chief Justice Reed presiding and Associate Justices Fuller, Murray, Stone and Sluss present.

The motion of United States Attorney Reynolds to vacate and set aside the decree of confirmation and survey, in the matter of the Arroyo Hondo Grant in Taos county, No. 5, Julian Martinez et al., claimants, was at once taken up.

Mr. Reynolds has devoted the day to a most learned and masterful argument in support of his motion. He contends that the United States court of private land claims had no jurisdiction of the subject matter of the claim or of the parties interested, and in his argument he raises every question that has previously been argued before the court, together with several points that have never before been presented, supporting his contention with a long and exhaustive list of the points raised in his motion.

Ex-Surveyor General Chas. F. Easley, who represents the claimants, has been granted leave by the court to begin his argument in reply to Mr. Reynolds tomorrow morning. He will raise the point that the United States court of private land claims has no jurisdiction to annul or modify a decree rendered by it after the lapse of five years, and will then set forth the fact that the grant in question was formally confirmed to the claimants in 1892.

The grant as confirmed embraces about 25,000 acres. Judge Laughlin originally represented the claimants, but, being engaged with his duties in the District court, cannot participate in the pending argument.

Argument of the objections of the government to the survey of the Antonio Sedillo or Canada de los Arroyos grant in Valencia county, No. 15, was concluded yesterday afternoon and the objections taken under advisement. W. H. Pope appeared for the government and F. W. Clancy represented the claimants.

## At the U. S. Land Office.

At the United States land office in this city yesterday Jose Secundino Pacheco made application to enter 160 acres of land in Taos county as a homestead.

Desert land filings were made on land in San Juan county as follows: John F. Henshaw, 80 acres; Elmer J. Richardson, 160 acres; Hernandez Haynes, 80 acres.

## Meeting of Directors.

A majority of the directors of the Mary Mining & Smelting company held an executive session at the Claire hotel this forenoon. There were present: A. F. Stephens, of Detroit, vice president; Marion Balue, of Cerrillos, general manager; J. H. Vaughn and D. W. Manley, of Santa Fe, respectively secretary and treasurer of the company.

## San Juan County Land Case.

The secretary of the interior has dismissed the appeal of Lawrence Welsh, involving a claim in San Juan county, in the Santa Fe land district, appellant having failed to comply with the department regulations.

## New Mexico Postmaster.

On the recommendation of the board of referees, Mr. Daniel Cassidy has been appointed postmaster at Cleveland, Mora county.

## To Cure a Cold in One Day

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. 25 cents. The genuine has L. B. Q. on each tablet.

"Fresh Lobsters, Shrimps," Black bass, catfish, frog legs, oysters and everything else in the market at the Bon-Ton.

## Territorial Tax Collections.

Territorial Treasurer Eldred has received the report of taxes collected in San Juan county for the month of December, as follows:

| Counties.            | Year. | Territorial Purposes. | Territorial Institutions. | Licenses. | Total.      |
|----------------------|-------|-----------------------|---------------------------|-----------|-------------|
| San Juan.            | 05    | 91 15                 | 26 30                     | ...       | 117 77      |
|                      | 06    | 97 00                 | 28 28                     | ...       | 125 14      |
|                      | 07    | 343 01                | 88 74                     | ...       | 391 75      |
| Total.               |       | \$ 401 85             | \$ 143 81                 | ...       | \$ 555 66   |
| Previously reported. |       | \$23,384 32           | \$10,150 04               | \$1 23    | \$34,535 55 |
| Total.               |       | \$24,076 17           | \$10,301 85               | \$1 23    | \$34,379 25 |

Mora county has also been heard from, but because of some discrepancies the report has been returned to the collector for correction.

## Will Comply with the Law.

Territorial Treasurer Eldred is in receipt of several letters and telegrams from insurance companies, doing business in New Mexico, stating that the law requiring a deposit of \$10,000 in bonds from each of such companies, will be complied with. The law goes into effect on February 1, and Mr. Eldred is of the opinion that by that time the greater number of insurance companies will have the required deposit made.

## TO CURE NERVOUS DYSPESPIA.

To Gain Flesh, to Sleep Well, to Know What Appetite and Good Digestion Mean, Make a Test of Stuart's Dyspepsia Tablets.

Interesting Experience of An Indianapolis Gentleman.

No trouble is more common or more misunderstood than nervous dyspepsia. People having it think that their nerves are to blame and are surprised that they are not cured by nerve medicine and spring remedies; the real seat of the mischief is lost sight of; the stomach is the organ to be looked after.

Nervous dyspepsies often do not have any pain whatever in the stomach, nor perhaps any of the usual symptoms of stomach weakness. Nervous dyspepsia shows itself not in the stomach so much as in nearly every other organ; in some cases the heart palpitates and is irregular; in others the kidneys are affected; in others the bowels are constipated, with headaches; still others are troubled with loss of flesh and appetite, with accumulation of gas, sour risings and heartburn.

Mr. A. W. Sharper, of No. 61 Prospect St., Indianapolis, Ind., writes as follows: "A motive of pure gratitude prompts me to write these few lines regarding the new and valuable medicine, Stuart's Dyspepsia Tablets. I have been a sufferer from nervous dyspepsia for the last four years; have used various patent medicines and other remedies without any favorable result. They sometimes gave temporary relief until the effects of the medicine wore off. I attributed this to my sedentary habits, being a bookkeeper with little physical exercise, but I am glad to state that the tablets have overcome all these obstacles, for I have gained in flesh, sleep better and am better in every way. The above is written not for notoriety, but is based on actual fact." Respectfully yours,

A. W. Sharper, 61 Prospect St., Indianapolis, Ind.

It is safe to say that Stuart's Dyspepsia Tablets will cure any stomach weakness or disease except cancer of stomach. They cure sour stomach, gas, loss of flesh and appetite, sleeplessness, palpitation, heartburn, constipation and headache.

Send for valuable little book on stomach diseases by addressing Stuart Co., Marshall, Mich. All druggists sell full sized packages at 50 cents.

## Shooting at Limitor.

A dispatch from Socorro says: At a dance given at Limitor last night, Miguel Luna, constable for the precinct, with assistants, appeared and tried to disband the party, claiming that no license had been taken out. As near as can be learned, from conflicting rumors, a general disturbance then occurred and that Luna shot at Maximiliano Baca, and during the promiscuous shooting that then took place, it is alleged that Luna, who is dangerously, if not fatally wounded, was shot by Ramon Gonzales. Another man was also slightly wounded in the face. Gonzales is under arrest and it is understood that the preliminary examination will take place this afternoon.

If you want the fattest and choicest beef, veal, mutton, lamb and pork, go to the market of Bischoff & Muller.

## BARGAINS! BARGAINS!

Before taking our annual inventory, we offer all goods at greatly reduced prices. In case you are in need of anything in our line avail yourself of this opportunity to get goods below cost. SANTA FE MERCANTILE CO.
